PUBLIC WORKS DEPARTMENT MONTHLY REPORT – AUGUST 2018

August was a very wet month. The weather station at LVIA reported 12.12 inches of rain for the month. Much of that rain came in heavy downpours. This resulted in many trees down and debris washed onto roadways. So after each event we cut up trees and cleaned up debris in a continuous cycle. During one of the heavier rains the water actually lifted up the foot bridge in Municipal Park by Farmersville Road that we had to pick up and put back in place. The large amount of rain also created several small sinkholes throughout the Township that needed to be filled.

In between the rain events we tried to keep up with grass cutting. The sweeper was out cleaning up debris from the storms where needed. We also helped set up for National Night Out. At the end of the month we had a crew cutting and trimming along the Tow Path to prepare for the annual VIA Marathon that is run in early September each year.

The Yard Waste Recycle Center had a total of 1190 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
