Doug Bruce

PUBLIC WORKS DEPARTMENT MONTHLY REPORT – DECEMBER 2018

During the month of December we were trying to catch up on leaf collection that was halted for almost 2 weeks in November after the snowstorm. As weather permitted, we had crews out picking up leaves the entire month. The weather continued to be very wet as LVIA recorded 6.24 inches of rain for the month which is 2.5 inches above normal. The rain makes the leaves very heavy and difficult to pick up which slows the operation down. The wet, heavy condition of the leaves also puts a strain on the machines so the crews must be careful so that the machines do not break down.

The Yard Waste Recycle Center had a total of 309 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
