PUBLIC WORKS DEPARTMENT MONTHLY REPORT – MARCH 2018

Three winter storms dropped 20.7 inches of snow during the month of March. Several of the storms were accompanied by strong winds that downed many trees throughout the township as well. With each storm we prepare prior to the event and afterwards trucks and plows that are damaged must be repaired as soon as possible. When the weather cleared we had a crew out cleaning up sod that was hit along the side of the roadway by the plows.

In between storms we had crews out patching potholes, trimming street trees in areas of the township where they hang low, and cutting fallen trees on the Bike Path and Tow Path. We also began work in our detention ponds where we check for damage, sinkholes, and repair broken fences. We also continued with traffic sign replacement in the Prospect Heights area.

The Yard Waste Recycle Center had a total of 627 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
