

Community Center Director Report – August 9, 2021

The Bethlehem Township Community Center (BTCC) is nearing the end of its summer season! The **Playground Program** will conclude on Friday, August 13th with a summer filled with energetic children attending both Comer and Municipal Park. **Camp Groundhog** enjoyed a tremendously successful summer with approximately 30 children enrolled each week. That program will conclude on Friday, August 20th, giving the children plenty of time to prepare for the start of the school year. The **Blue Shark Swim Team** also concluded its competitive season with the final practice/team competition on Friday, July 30th. Congratulations to each and every swimmer that devoted their early mornings to practices.

The outdoor pool continues to operate to our township residents, with either a pool membership or daily admission. The final day for the 2021 outdoor pool season will be Labor Day; Monday, September 6th.

Before we say our final goodbye to summer, we do have a few more exciting summer opportunities listed below:

Summer Art Camp

Monday, August 23rd – Thursday, August 26th

Summer Science Camp

Monday, August 23rd – Thursday, August 26th

With the Fall season approaching, we are hoping to resume many of our youth and adult programs that took a pause with COVID. As staffing continues to be of concern, we will slowly add the classes to the schedule, providing more when possible. As always, we will continue to monitor the attendance and daily operations within the center, making any necessary adjustments to our procedures and program/amenity offerings. I am readily available to answer any specific questions you may have regarding the facility, memberships or the programs/classes.
