PUBLIC WORKS DEPARTMENT MONTHLY REPORT - JANUARY 2022

The nuisance winter weather events occurred throughout the month. We had some type of winter weather precipitation on the 7th, 9th, 16th, 17th, 20th, 23rd, and 29th. Prior to each event we were checking and prepping the trucks and applying brine to the roads. Afterwards, the equipment had to be cleaned, checked and repaired and then prepped for the next event as they were almost back to back all month. We did try to get out to place some manhole protection rings on some of the more dangerous manhole rims that cause damage to our plows when time allowed. We also had a crew place a diversion berm in the Baglyos detention pond to try to prevent drainage into the sinkhole that opened up there last fall.

The Yard Waste Recycle Center recorded 351 visits for the month. Most of the drop offs at this time are Christmas trees..

Respectfully submitted,

Richard L. Kanaskie, P.G., S.E.O.
Director of Public Works
